Renewed Petition Under 37 C.F.R. § 1.181

Mail Stop PCT  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Applicant respectfully requests the Decision on Petition Under 37 CFR 1.181 be reversed and that the holding of abandonment in patent application Serial No. 10/576,970 be withdrawn. No fees by the Applicant should be required or otherwise incurred; however, to the extent that other fees are necessary for entry of this Petition, authorization is given to charge/credit Deposit Account 50-3581 (BKS.019.WUS).

This renewed Petition is being timely presented as the Petition is being filed within two months of receiving the Petition decision.

A Decision on Petition Under 37 CFR 1.181 dated April 4, 2008 (see Exhibit A) was received by Applicant's representative. The Decision indicates the Petition was dismissed due to the Applicant not providing sufficient docket records. After reviewing the Decision, the Applicant's representative, in addition to providing a courtesy copy of the Petition as originally filed, hereby submits a copy of the firm docket record (see Exhibit B) showing the firm docket records for the date in which a response to the Notification of Missing Requirements would have been due had the Notification been received. Since the firm's docket records do not show any

items being due on February 19, 2007, the due date for responding to the Notification of Missing Requirements, the firm docket records for the preceding and following day are being provided.

Based on the practitioner's office procedures for handling incoming mail from the U.S. Patent and Trademark Office, the practitioner asserts that the Notification was not received at the correspondence address. The practitioner utilizes a docketing system to record the due dates relating to the application, and it is the general practice to enter a docket due date when an Official Communication is received from the U.S. Patent Office. The practitioner has reviewed the firm's docket entries for February 19, 2007, the due date for responding to the Notification of Missing Requirements, and notes that there is not a docket entry due date for Attorney Docket No. BKS.019.WUS.

In view of the above, Applicant respectfully request that the Decision on Petition Under 37 CFR 1.181 be reversed, that the holding of abandonment in patent application Serial No. 10/576,970 be withdrawn, and that a new Notification of Missing Requirements be mailed.

If the Patent Office believes it necessary or helpful, the Patent Office is invited to contact the undersigned attorney at the number below to discuss any issues related to this case.

Respectfully submitted,

DECISION

ON PETITION UNDER

37 CFR 1.181

This decision is in response to applicant's petition to withdraw the holding of abandonment, under 37 CFR 1.181, filed in the United States Patent and Trademark Office on 04 February 2008.

**BACKGROUND**

On 19 December 2006, the Office mailed Notification of Missing Requirements (Form PCT/DO/EO/905) indicating, *inter alia*, that an oath or declaration in compliance with 37 CFR 1.497(a)-(b) was required.

On 10 December 2007, the Office mailed Notification of Abandonment (Form PCT/DO/EO/909) indicating that the application went abandoned for failure to timely reply to the Notification of Missing Requirements.

On 04 February 2008, applicants filed this petition under 37 CFR 1.181.

**DISCUSSION**

The showing required to establish nonreceipt of an Office communication is set forth in the notice entitled *Withdrawing the Holding of Abandonment When Office Actions Are Not Received*, 1156 O.G. 53 (Nov. 16, 1993). The showing must include: (1) a statement by the practitioner that the Office action was not received by the practitioner; (2) a statement attesting that a search of the file jacket and docket records indicates that the Office action was not received; and (3) a copy of the docket record where the non-received Office action would have been entered had it been received (the docket record must also be referenced in practitioner's statement).

Items (1) and (2) have been satisfied. Practitioner states that the Notification of Missing Requirement was not received and indicates that a search of the file did not locate the notification and asserts that a search of the docket records indicates that the Notification of Missing Requirements was not received.

Item (3) has not been satisfied. Practitioner must provide a copy of the docket records for the firm, where the nonreceived Office communication would have been entered had it been received and docketed and reference the docket record in the practitioner's statement. "For example, if a three month period for reply was set in the nonreceived Office Action, a copy of the docket report showing all replies docketed for a date three months from the mail date of the nonreceived Office action must be submitted as documentary proof of nonreceipt of the Office action." MPEP §711.03(c) para. II. The docket records for an individual application are not sufficient.

### CONCLUSION

For the reasons set forth above, the petition under 37 CFR 1.181 is **DISMISSED** without prejudice.

The application remains **ABANDONED**.

If reconsideration on the merits of this petition is desired, a proper reply is required within **TWO (2) MONTHS** from the mail date of this decision. Extensions of time are available under 37 CFR 1.136(a). Any reconsideration request should include a cover letter entitled "Renewed Petition Under 37 CFR 1.181."

Any further correspondence with respect to this matter may be filed electronically via EFS-Web or if mailed, should be addressed to the Mail Stop PCT, Commissioner for Patents, Office of PCT Legal Administration, P.O. Box 1450, Alexandria, Virginia 22313-1450, with the contents of the letter marked to the attention of the Office of PCT Legal Administration.

**Petition Under 37 C.F.R. § 1.181 (MPEP § 711.03(c))  
To Withdraw Holding Of Abandonment**

Mail Stop Petitions  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Applicant respectfully request withdrawal of the holding of abandonment in patent application Serial No. 10/576,970. No fees by the Applicant should be required or otherwise incurred in view of the following evidence and facts which support this request. However, to the extent that other fees are necessary for entry of this Petition, and/or charges/overpayments apply, authorization is given to charge/credit Deposit Account 50-3581 (BKS.019.WUS).

This Petition is being timely presented under 37 C.F.R. § 1.8(b), as the Petition is being filed within two months of becoming aware that the case had been characterized as abandoned.

A Notice of Abandonment dated December 10, 2007 (Exhibit A) was received by Applicant's representative. The Notice of Abandonment, enclosed as Exhibit A, alleges that a Reply to the Notification of Missing Requirements dated December 19, 2006 was not timely submitted to the U.S. Patent and Trademark Office.

Applicant contends a response to the notification was not filed because the Applicant's representative did not receive the Notification of Missing Requirements. The practitioner has

done a search of the practitioner's records and also a thorough search of the file wrapper and also contends the Notification was not received.

Based on the practitioner's office procedures for handling incoming mail from the U.S. Patent and Trademark Office, the practitioner asserts that the Notification was not received at the correspondence address. The practitioner utilizes a docketing system to record the pertinent information relating to the application, for example, the docket number, serial number, and expected actions. As seen in Exhibit B, a series of potential action items are recorded in the docketing system for Attorney Docket No. BKS.019.WUS. It is the general practice to enter a docket due date when an Official Communication is received from the U.S. Patent Office. The practitioner has reviewed the docket entries for the above-identified matter, and asserts that had a Notification of Missing Requirements been received, the enclosed docket entries would have reflected as much. Since the docket entries for this matter still indicate to "Check Notice of Missing Requirements" the practitioner believes the Notification was never received at his office.

In view of the above, Applicant respectfully request that the holding of abandonment in Patent Application Serial Number 10/576,970 be withdrawn, and that a new Notification of Missing Requirements be mailed.

If the Patent Office believes it necessary or helpful, the Patent Office is invited to contact the undersigned attorney at the number below to discuss any issues related to this case.
